Joy Week

Our team had a great time participating in Joy week at the beginning of May! We thoroughly enjoyed volunteering at the Main Street Community Garden in Clayton, where we planted, watered, painted, and weeded.

The garden "is built of recycled materials, our water is reclaimed from partnerships with adjacent businesses, and a meditation garden is provided. Volunteers adopt a bed

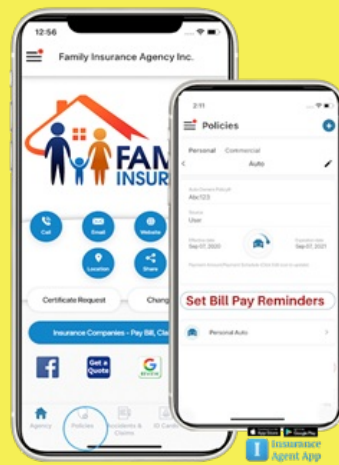

for a growing season and donate their vegetables (unless they have economic need for them) to someone in our community."

What a sincere pleasure to give back to the community that we call home!
